Camp Dates:
7th to 11th July
14th to 18th July
21st to 25th July

3 Ensuring Safety

Your child's safety is of paramount importance to us. We work together with both parents and our vendors in ensuring the safety of your child.

To help our campers prepare for the week, we hope you would review the notes in our Code of Conduct with your child.

Facilitator-to-camper Ratio

We maintain a ratio of ONE (1) facilitator to EIGHT (8) children to ensure a safe and welcoming environment for all.

Aggression and Unsafe Behaviour

Parents will be notified if their child exhibits aggression and unsafe behaviour during camp. Aggression & unsafe behaviour will not be tolerated.

We will require a child to leave should their actions endanger the safety of themselves and others. Any form of refund will not be provided in such cases.

Injuries

Over the day, children may sustain small bumps or scrapes during playtime or outdoor activities. We seek your understanding that such mishaps may occur and is an essential part of growing up and taking risks.

4 Important Information

A WhatsApp Group will be set up on Sunday to put out daily announcements and reminders.

For urgent matters, the Camp Leader is your point-of-contact in camp.

Special Needs

Our facilitators are not able to provide 1 to 1 or the same level of support as educational assistants or behaviour therapists. If your child has special needs and/or is experiencing behavioural issues, please contact us at 9797-0091.

Camp Photos & Videos

Photos and videos taken during the camp may be used for our marketing materials. Please let us know if you prefer your child not to be photographed.

4 Important Information

Lunch & Snacks

Campers are served a packet of nutritious lunches daily. Snacks are provided twice a day. In addition, our caterer offers options for regular, vegetarian, gluten-free, egg & dairy-free options.

Special Dietary Requirements

Please let your Camp Leader know if your child has other special dietary requirements or allergies.

We apologise for any inconvenience caused while we cannot cater to specific dietary needs and food allergies.
